VERTICAL SELF-SUPPORTING MOUNT GUN RACK

Vertical Self-Supporting Gun Rack shown in a Ford Crown Victoria

Vertical Self-Supporting Gun Rack shown in a Dodge Charger

The GVM Series Gun Rack is a self-supporting mount that can be configured to fit a wide variety of weapons and provides minimal interference with the driver's range of motion. It is optimal for vertically mounting up to two weapons and is perfect for supervisor, detective, and other fleet vehicles where a partition is not installed.

Vertical Self-Supporting Gun Rack Features

- » Self-Supporting Bracket mounts directly to the vehicle's floorboard
- » Not compatible with partitions
- » Mounts to OEM locations
- » Prevents Road Rattle
- » Some components may be transferable to other Pro-gard gun rack mounting configurations
- » Accommodates multiple weapon and accessory configurations

Gun Locks are determined by a combination of mounting location, weapon type, and weapon accessories. In order to secure the best fitment, we build the gun rack around each specific weapon and accessories.

All gun racks come equipped with an 8 second timer and momentary switch that allows for quick, easy access to the weapon (s).

Choose from three styles of key override: Straight, Handcuff or Vending.

GUN RACK FEATURES:

Single or Dual Vertical Weapon Mounting

Black powder coated steel finish

No Holes Drilled for easy install

Momentary switch and 8-second timer

Customized to meet the specifications for each officer's weapon

Choose from three different styles of gun lock override keys: straight, vending, or handcuff
